ZYWAVE

Strengthen Your Cyber Skillset

Educate policyholders. Reduce risk. Maximize profitability.

DISTRIBUTION & QUOTING

Cyber Quoting

Streamline the distribution process for brokers and insurers. With built-in data insights and a simplified cyber questionnaire, Cyber Quoting makes it easier to help businesses understand their risks, quote cyber coverage and identify the coverage that's right for their organization.

DATA & INSIGHTS

Loss Insight

A comprehensive database that includes over 215,000 historical cyber loss records, representing more than $82 billion in loss value.

Cyber OverVue

Help businesses understand their cyber risk profile, possible vulnerabilities and the impact a cyber event could have on their organization.

INDUSTRY KNOWLEDGE

Front Page News

A bi-weekly cyber e-newsletter, focused on the hottest cyber trends, recent data breaches and privacy news, plus industry, legislation and litigation updates.

Thought Leadership Events

Get insights into the cyber market from top industry experts, along with in-person learning, networking, and workshops.

Content Cloud

Drive growth and engagement with your clients by providing cyber-focused content - including news bulletins, guides, toolkits and videos.

Learning Management System

Offer high-quality, on-demand employee education courses on dozens of topics, including cybersecurity and cyber safety.
